ADVISORY # 5

FLOOD WARNING FOR CENTRAL AND SOUTHERN BELIZE

WEDNESDAY, 04 NOVEMBER, 2020, 4:00 PM

The National Meteorological Services of Belize and NEMO hereby inform the general public that Tropical Storm Eta has weakened significantly and is now situated on the border between Nicaragua and Honduras. Eta is moving west at 7 miles per hour with winds of 40 miles per hour. Eta is expected to become a tropical depression by tonight. The remnants of Eta are projected to emerge off the coast of Belize on Friday and then move north-eastward into the northwest Caribbean Sea where it is forecast to reform and strengthens into a tropical storm late on Friday while it continues to move away from Belize. The current weather conditions could persist for the next 36 to 72 hours as Eta creeps across Honduras and portion of Guatemala.

A FLOOD WARNING IS IN EFFECT for Cayo, Belize, Stann Creek and Toledo districts. The Mopan, Macal and Belize rivers are rising fast. Communities along the Macal, Mopan and Belize Rivers are hereby being notified that you must be on high alert and take action to save life and property. Areas and or communities that are at risk to or are experiencing flooding are Gales Point, Mullins River Village, Hope Creek, Sarawee, Sittie River, Monkey River, Bella Vista, San Pedro Colombia, Big Falls, Santa Teresa, Blue Creek, San Benito Poite, Crique Sarco, Sundaywood, and Conejo Creek. More communities will experience flooding there as an increase in water running off the mountains and hills.

All are advised if you live along rivers and streams relocate to higher grounds. **DO NOT STAY IN YOUR HOME** tonight if you know it is likely to flood during the course of the night. **MOVE TO SAFETY, SAVE YOUR FAMILY, LIFE COMES FIRST!** If you can shelter in your home, place food and valuable items out of the reach of floodwaters. Farmers are reminded to secure their assets. **DON'T WAIT UNTIL THE LAST MINUTE.** If your home is likely to flood, turn off the main power supply. Beware of the movement of wild animals and snakes in your area.

DO NOT: remain in areas where latrines are overflowing due to the floodwaters, play or drive in floodwaters and cross flooded creeks and rivers. **SIX INCHES OF FLOOD WATERS CAN SWEEP YOU OFF YOUR FEET. DO NOT DRIVE THROUGH FLOOD WATERS, IT CAN BE VERY DANGEROUS.** Motorists are asked to drive with extreme caution when driving the highways and secondary roads. Drivers are reminded to put on their hazard light when driving through rain. **ALL MAJOR HIGHWAYS ACROSS THE COUNTRY ARE OPEN.**

COVID 19 SHELTER PROTOCOLS:

All persons in high-risk coastal areas are reminded IF the need arises for you to evacuate and you are (1) not COVID positive, (2) not in quarantine, (3) not awaiting a test result or (4) being contact traced, and (5) not showing symptoms, move early!

You must wear a mask. Know which shelter you will go to, take along your essential necessities required for you to survive. The elderly and persons with underlying health conditions must not occupy the same space with normal persons. Note, people showing symptoms will be contained in a separate section of the shelter building.

Hand washing /sanitizing must be done before entering a shelter. Shelter Wardens will allocate shelter space. Social distance must be adhered to and shelters must be sanitized on a regular basis. Garbage must be properly disposed of. Proper cleaning and disinfection must be done on a regular basis. Shelter Managers must monitor and correct hygiene and cough /sneeze etiquette. The Ministry of Health (MoH) will conduct daily monitoring of shelters to detect people who are sick and showing signs of COVID19. The Shelter Management Team (Public Officers/ Volunteers) MUST use PPE.

PREPAREDNESS TIPS BEFORE A CYCLONE ARRIVAL:

(1) Avoid being near the coast if your home is not safe if you live on the cayes and along the coast be familiar with the evacuation routes. Know which shelter you will need to go to. Make early preparations.

(2) Protect windows with plywood or shutters,

(3) Review your family emergency plan, consider all COVID 19 measures,

(4) If you can afford to purchase non-perishable foods and water. Store additional water.

(5) Keep an extra supply of medication. If a member of your household is bed-ridden, seek medical advice. Notify authorities ahead of time if you have persons in your neighbourhood require special assistance to evacuate due to a medical condition.

(6) Secure your important documents and identification. Save the emergency contact numbers for NEMO, the police, fire, and medical facility in your cell phone. Keep your phone charged.

(7) Pets are not allowed in shelters, make plans for your pets, continue to trim trees, clear drains, and secure outdoor items. Farmers make plans to move your animals to higher ground and stockpile feed when required.
