### DO NOT LISTEN TO RUMOURS

- Stay tuned to your local radio station and television stations for official hurricane advisories.
- Stay at home if your house is sturdy and on high ground. If not, move to a friend's house or to a designated shelter.

# Hurricane Preparedness Tips for Home

Hurricanes can be dangerous, listening to the hurricane warning messages and planning ahead can reduce the chances of injury or major property damage.

## BEFORE

- ⇒ Know your Emergency Shelters
- ⇒ Have **DISASTER SUPPLIES** on hand
- ⇒ Protect your windows
- ⇒ Trim trees
- ⇒ Clear drains
- ⇒ Review home and auto insurance
- ⇒ Make arrangements for pets and livestock
- ⇒ Develop an **EMERGENCY COMMUNICATIONS PLAN**

## DISASTER SUPPLIES:

- \* Flashlight + extra batteries
- \* Portable, battery-operated radio, extra batteries
- \* First Aid Kit
- \* Non-perishable (canned food) and water
- \* Non-electric can opener
- \* Essential medicines
- \* Cash

## HURRICANE WATCHES & WARNINGS

### DURING A HURRICANE WATCH

- ⇒ Listen to the radio for advisories
- ⇒ Check emergency supplies
- ⇒ Fuel car, check oil, water, tires
- ⇒ Bring in outdoor items such as lawn furniture, toys, and garden tools and anchor objects that cannot be brought inside
- ⇒ Secure buildings by closing and boarding up windows
- ⇒ Remove outside antennas and satellite dishes
- ⇒ Turn refrigerator and freezer to coldest settings. Open only when absolutely necessary and close quickly
- ⇒ Store drinking water in clean jugs and bottles

### DURING A HURRICANE WARNING

- ⇒ If you need to evacuate your home, lock up home and go to the nearest shelter.
- ⇒ Take blankets and sleeping bags to shelter
- ⇒ Listen constantly to radio and television for official instructions.
- ⇒ Store valuables and personal papers in water-proof container on the highest level of your home.
- ⇒ Stay inside, away from windows and glass doors.
- ⇒ Keep a supply of flashlights and extra batteries handy. Avoid open flames, such as candles and kerosene lamps, as a source of light.
- ⇒ If power is lost, turn off major appliances to reduce power surge when electricity is restored.
